## SUMMER SESSION

The Summer Session at Savannah State College has as its major aim the preparation of principals and teachers for elementary and secondary schools, and other leaders to meet successfully the problems they face in their schools and communities. Additional purposes of the Summer Session are: (1) to assist teachers in meeting requirements for degrees and certificates, thus qualifying them for better positions and higher salary compensation; (2) to provide opportunities for regular session students to continue their education; (3) to provide opportunities for veterans to resume or continue their formal education or to take refresher courses; and (4) to enrich recreational, musical, dramatic, and religious experiences.

The Summer Session program provides offerings in the following three instructional divisions: Arts and Sciences, Home Economics, and Trades and Industries.

## SPECIAL FEATURES

Outstanding specialists are added to the summer school faculty.

Workshops are provided to meet the special needs and interests of in-service teachers.

A three-week short course is offered for trade teachers who are unable to attend our regular summer session.

A supervised child-care service is provided for elementary children from 6 to 8 years of age, whose parents are enrolled in summer school. A small service charge will be attached to cover supervisory service.

Upon sufficient demand, the College will offer any course that is listed in the several curricula.

## GENERAL INFORMATION

### LOCATION

The College is situated in Chatham County, near the town of Thunderbolt, five miles from Savannah, the oldest and the second largest city in Georgia—Georgia's chief seaport. Regular bus service is maintained from downtown Savannah to the campus.

## HISTORY

Savannah (Georgia) State College was established by the Legislature in 1890, in connection with the State University, for the education and training of colored students. It is a four-year institution supported through the Regents of the University System of Georgia, approved by the Southern Association of Colleges and Secondary Schools and by the State Department of Education.

## BUILDING AND GROUNDS

Savannah State's 136-acre campus, dotted by beautiful moss-laden oak trees, accommodates 33 buildings. Among the more outstanding are the attractively designed and modernly constructed Camilla Hubert Hall, which accommodates 175 women; Adams Hall, the dining hall which serves approximately 500 students in a family atmosphere; Meldrim Hall, which comprises administrative offices, the auditorium, and some classrooms; Willcox Gymnasium, which is the headquarters for the Physical Education Department; and Parsons Hall, containing faculty apartments and the College Post Office—a branch of the Savannah Post Office—which provides regular mail service for the entire College community.

The newest buildings on the campus are (1) the Fine Arts Building, comprising a band room, chorus room with broadcasting facilities, and classrooms for the fine arts; (2) the 18-bed infirmary, staffed by a college physician and a full-time nurse; (3) the College Inn, which houses a cafeteria, book store, snack bar, and recreational facilities; and (4) a newly constructed laundry (White Hall) which services the needs of the College family at a minimum rate.

## THE LIBRARY

The College Library affords an opportunity for students and faculty to have access to publications needed in their varied activities. The library collection now numbers more than 16,000 volumes; 201 periodicals and 17 newspapers are received regularly. Recently, microfilm copies of newspapers and recordings have been added.

In order to encourage greater use of the books and facilities of the library, both class instruction and on-the-spot aid are given to all students.

Library Hours: Monday - Friday 8:00 a. m. to 9 p. m.

Saturday: 8:00 a. m. to 4:00 p. m.

Sunday: Closed

## STUDENT PERSONNEL SERVICES

Student personnel activities are coordinated by the Chairman of Student Personnel Services. A broad program is planned to aid students to make adjustments throughout their college careers and to secure employment when they leave. This program includes professional counseling and services to students in the following areas: scholarships, financial aid, health, religious values, social activities, job placement, and general life planning.

The supervision of all women students is done by the Counselor of Women while the Dean of Men supervises activities for all male students.

## WORK AID

Students who are worthy and industrious may meet some of their expenses through part-time employment provided they maintain high standards of work and satisfactory scholastic averages. Most of these jobs are on the campus, but placement is made also in the city of Savannah and its environs. Applicants

for work should secure blanks from the Student Personnel Office. Students are assigned to work only after they have been admitted and have arrived on the campus. Work assignments are made in the offices of the Counselor of Women and the Dean of Men.

### LIVING ARRANGEMENTS

Accommodations for one hundred and seventy-five women are available in Camilla Hubert Hall. Activities are supervised by the Counselor of Women and the dormitory head resident.

Hill Hall provides accommodations for two hundred men. Dormitory life for men is under the direction of the Dean of Men and the head resident.

Practice in democratic living is provided through dormitory clubs in each resident hall.

### RELIGIOUS LIFE

The campus community is enriched by a religious life program under the supervision of an ordained minister. This program includes Sunday School, conducted jointly by the students and faculty, and a formal worship hour with a choir and clergy. Recognized ministers of Savannah and environs often serve as guest ministers.

Personal religious counseling is available and pastoral care is a continuing service for the College community, irrespective of denominational affiliations.

### RECREATION AND SOCIAL ACTIVITIES

Many activities supplement formal education at Savannah State College. In addition to the regular religious and various cultural opportunities provided through assemblies, and the lecture and lyceum series, there are many extra-curricular activities, such as: band, orchestra, glee clubs, quartets, choirs, student papers, weekly movies, seasonal athletic activities, dances, and other social experiences sponsored by classes, clubs, Student Council, special interest groups, and the Student Personnel Department.

Informal socials are held regularly in the campus recreational rooms. The Community House is a social center where campus and off-campus groups meet for special functions. Hikes and tours provide many pleasant hours of recreation.

A special feature of the Summer Session is Play Day, which provides an opportunity for all students to take part in a period of play and recreation. Hobby groups and special interest groups give students opportunity to develop skills and interests outside the classroom.

### INFORMATION FOR VETERANS

In order to assist the large number of veterans who attend Savannah State College, a special staff worker in the capacity of the Veterans Secretary is employed. Before and during registration, he assists in forwarding accurate information to the Veterans Administration. Throughout the year he counsels and informs veterans about regulations and directives peculiar to their status.

Each veteran who is enrolling for the first time is urged to forward his Certificate of Eligibility (VA-Form 1950) to the Office of the Veterans Secretary. Any veteran who does not have his approved VA-Form 1950 at the time of initial registration will be required to make a deposit of \$40.50. This deposit will be refunded when the Certificate of Eligibility is presented to the Veterans Secretary.

Charges for room and board are payable in advance. Veterans who have

not completed arrangements for subsistence payments must pay room and board from their own funds until such time as subsistence payments are received.

## STUDENT CONDUCT

Each student enrolled at Savannah State College is expected at all times to exemplify a due respect for order, morality, and the rights of others.

The College reserves the right to exclude at any time any student whose conduct is deemed improper or prejudicial to the welfare of the College community.

## ADMISSION

The following is a condensed general statement of admission requirements. For a complete statement the prospective student should refer to the annual catalog.

**Formal Application Required**—Each candidate for admission is required to make formal application and thereafter submit such credentials as may be needed to support the application. Admissions correspondence, including requests for application blanks, should be addressed to the Registrar, Savannah State College, State College Branch, Savannah, Georgia.

Transcripts and recommendations should be mailed directly from the applicant's former school to the Registrar.

The number of applicants each quarter generally exceeds the number that can be accommodated in dormitories and classrooms. To be assured due consideration for admission during any quarter, each applicant should see that all required credentials are submitted to the Registrar at least six weeks before the quarter begins.

**Admission to the Freshman Class**—An applicant may be admitted to the freshman class by certificate if he has graduated from an accredited secondary school, or he may qualify for admission through examination administered at this College.

**Admission with Advanced Standing**—A limited number of transfer students may qualify for admission each quarter. Each applicant who has attended another college shall present the following credentials to support his application:

- (a) A statement of honorable dismissal from the college last attended.
- (b) Official transcripts covering the complete college and secondary school records.
- (c) A personal letter giving full explanation of the applicant's reason for desiring to transfer to Savannah State College, his work experience, studies, activities, special interests, and plans for the future.

Transfer students should note that courses completed with grades below "C" at another institution may not be counted toward advanced standing.

**Admission to Trades Special Courses**—Students who have not graduated from high school but who otherwise give evidence of possible success in a vocation, may be admitted to the certificate courses in the Division of Trades and Industries.
